# Tresco SUCCESS NEWSLETTER MISSION DRIVEN OCT 2021

For over 30 years the Tresco Inc. Contracts Division has been offering employment opportunities to persons with varying disabilities including veterans and students through federal, state and commercial agreements/partnerships. The name, Contracts, did not give a clear explanation and representation of what our true impact was in our communities.

Over the past several months the Tresco Leadership team held a number of focus groups with individuals from various industries to get a better understanding of the connection between our work and our name. It was very apparent that the name Contracts Division didn't connect who we are, with what we do and why we do it. It was time for a change!

We provide businesses a solution that works. We provide work opportunities to persons with varying disabilities. We provide development and skills training for upward employment to people that work. We lead the effort in creating an inclusive workplace. Tresco Works!

Tresco Works has over 230 fulltime and parttime individuals that provide quality custodial, grounds and total facility management services for over 50 federal, state and local contracts in 12 counties across Southern New Mexico.

"We are proud of the 30 years of service we have provided and looking forward to another 30 years as Tresco Works. We have an amazing team that enjoys coming to work, takes pride in being part of the workforce and has a strong sense of purpose in all they do," said Luis Rios, Director of Tresco Works. "

## WE HAVE MOVED!

Growth in a team, contracts and needs results in more space! Tresco recently renovated Building 4 and welcomed its Tresco Works Highways and State Contracts team to their new office. This move allows more office, meeting and storage place for this department!

# TOTS & DAY ONE CELEBRATE FAMILIES WITH SUMMER PARTY IN T OR C

After more than a year without family parties, TOTS and Day One celebrated with a Summer theme at the Pool Park in T or C on July 14. Lots of families and children came out to enjoy fun water games and Paradise Shaved Ice. TOTS and Day One normally host community events in the T or C, Las Cruces, and Anthony areas to give families something fun to do and to get the word out about services offered by each program. Due to COVID, the last year was an exception. Staff hopes to be able to provide more regularly scheduled events in the near future as the state and country opens up safely.

## Pete Photo

Pete is the new Warehouse Manager. He's a retired Navy Contracting Officer, retired Purchasing Director, and a retired Boy Scout District Director. Pete acquired two Master's Degrees along his career and was active as a volunteer with the his grandson's Cub Scout Pack.

Pete came to work at Tresco after the COVID pandemic sidelined his plans to travel with his wife, Gloria, a retired Human Resources Director. They have two adult children, Peter and Michelle, and seven grandchildren in El Paso, TX and Rio Rancho, NM.

Pete is very enthusiastic about being tasked to launch the distribution warehouse concept and eager to contribute to Tresco's mission "to provide professional and individualized services, supports and opportunities to people of any age with differing abilities, their families and the communities we serve."

One of Pete's goals is to assist Tresco staff in whatever way he can to make their work life less complicated and looks forward to working with everyone.
